

IRISH NEUROLOGICAL ASSOCIATION

62nd Annual Meeting
May 14 – 15th 2026

President: Prof. Norman Delanty

PROGRAMME

THURSDAY 14th May

08.00 - 08.45 *Arrival and Registration.*

08.45 Opening and Welcome Irish Neurological Association Meeting 2026
 Prof. Norman Delanty, INA President.

SESSION I – Platform Presentations Neuroinflammation and Autoimmune Disorders / Resources and Society		
09.00	Update on Neuroinflammation and Autoimmune Disorders Chairs: Prof. Christopher McGuigan and Dr. Stella Hughes	
01	09.08	Extended-Interval Dosing (EID) of B-Cell-Depleting Therapies in Multiple Sclerosis: A Retrospective Real-World Cohort Study. Coran M, Seery M, McGuigan C.
02	09.19	Characterising the intrathecal immune repertoire in LGI1-antibody encephalitis. Kelly MJ, Wing E, Malapit J, Zhao M, Williams R, Makeuch M, Harrison R, Theorell J, Irani SR.
03	09.30	“An Evaluation of a Neuroinflammatory imaging meeting in MS Care” Experience of the Belfast MS Clinic. Motamedgorji N, Hughes C, Flynn P, Jamison M, McNamee J, Kilpatrick L; Turley N, Hughes S, Kennedy F, Kee R, McDonnell GV.
04	09.52	An audit of patients with multiple sclerosis attending the neuro-obstetrics clinic in Cork University Maternity hospital: 2023-2026. Hamilton T, O’Connor G.
10.03	Update on Resources and Society Chairs: Dr. Deborah McIntyre and Prof. Brian Sweeney	
05	10.11	Finding the gaps: an audit of seizure management in a Level 3 hospital in the Midlands. Ghadban S, Kenny S, Haupt S, Moore A, Ferguson D.
06	10.22	Self-reported Confidence among Irish General Practitioners in the Initial Evaluation of Neurological Disorders. Kashif M, Foley T, Cronin S.
07	10.33	Homelessness is associated with accelerated cognitive and structural brain ageing. Richard G, O’Keeffe F, Cambell M, Ni Cheallaigh C, Doherty CP.
08	10.44	Developing a digital resource to improve transition from a paediatric to an adult epilepsy service: a quality improvement initiative. Savio M, Ferguson D, Doran E.
09	10.55	Health equity in rare neurological disease: Evaluating traveller representation in Friedreich’s ataxia patients attending the National Ataxia Clinic at Tallaght University Hospital. Varghese A, McElligott L, Kearney M, Clarke C, Pabilona E, Walsh R, Murphy SM, Bogdanova-Mihaylova P.

11.05 – 11.30 *Tea and Coffee*

SESSION II- Platform Presentations Stroke and Neurovascular / Neurogenetics		
11.30		Update on Stroke and Neurovascular Disorders Chair: Prof. Simon Cronin
010	11.38	Clpidogrel high on-treatment platelet reactivity (HTPR) and pharmacogenetics profiling in TIA / ischaemic stroke patients: systemic review and meta-analysis. Naydonova I, Mavridis T, Tentolouris-Piperas V, Smith DR, Fernandez-Cadenas I, Montaner J, Thijs V, Cox D, Norrving B, Ford GA, McCabe DJH.
011	11.49	Relationship between CYP2C19 and other genotypes with on-treatment platelet reactivity status on clopidogrel in TIA/ischaemic stroke patients in Ireland Smith DR, Naydonova I, Offiah C, Llucià-Carol, Marine-Llorente L, Cox D; Ford GA, Norrving B, Thijs V, Montaner J, Fernandez-Cadenas I, McCabe DJH, FESO on behalf of the OATS-I Study Research Group (The remaining members of the OATS-I Study Research Group at the time of this phase of the OATS-I study were: Collins DR, Ryan DJ, McCarthy AJ, Murphy SM, Egan B, O'Donnell MJ, de Borst GJ, Zgaga L, Walsh C, Kelleher JD, Macey C, Hennessy M.
12.00		Update on Neurogenetics Chairs: Prof. Sinead Murphy and Prof. Gianpiero Cavalleri
012	12.08	Real-World Insights from the ERN-RND Registry at Tallaght University Hospital: Experience from a National Rare Neurological Disease Cohort. Pabilona EE Jr, Clarke C, O'Dowd S, O'Connor A, McCarthy A, Kelly E, O'Connell K, Ward D, Kearney M, Walsh R, Bogdanova-Mihaylova P, Murphy S.
013	12.29	When to think beyond the standard boundaries of testing; Charcot-Marie-Tooth disease with an atypical phenotype, challenging neurophysiology and a non-coding genetic variant. Coleman J, Collins S, Alexander M, Murphy S
014	12.40	MMUH Neurogenetics MDT Meeting: Year in Review. Kehoe C, Bradley M, Gallagher A, O' Dea M, Turner J, Moloney P
015	12.51	Detection and mapping of small noncoding RNA and mRNA transcripts from explanted stereo-EEG contacts define seizure onset and propagation zones in human refractory epilepsy. Larkin J, O'Brien D, Sweeney K, Henshall D, Widdess-Walsh P
016	13.02	Rare pathogenic neurologic and neurodevelopmental variants in ALS associate with onset, survival and family history O'Donoghue C, Kacar E, Gomes T, Costello E, Pender N, Peelo C, Kiyui K, Ryan M, Heverin M, Byrne S, Bede P, Hardiman O, McLaughlin R, Byrne RP.

13.15 - 14.00

Lunch

SESSION III –Poster Viewing Session 14.00 – 14.30

Expert led poster tours.

Poster	Specialist Area	Guided Tour Time
A	Epilepsy	Thursday 14.00
B	Neuroinflammation / Multiple Sclerosis	Thursday 14.00
C	Stroke and Neurovascular	Thursday 14.15
D	Neurogenetics	Thursday 14.20
E	Neurosurgery and Neuropathology	Friday 10.30
F	Neuromuscular	Friday 10.40
G	Movement Disorder	Friday 10.30
H	Resource and Societal Issues	Friday 10.45
I	Dementia and Neurodegenerative	Thursday 14.25
J	Headache	Friday 10.40

SESSION IV –Platform Presentations Neurosurgery / Movement Disorders		
14.30		Update on Neurosurgery Chair: Mr. John Caird and Prof. Jack Phillips
017	14.38	'Cranioplasty and Its Implications: The Beaumont Experience'. Duan X, Chintapalli RD, Ryan U, Caird J.
018	14.49	Surgical Management of Residual Intracranial Germ Cell Tumours Following Standard Treatment: a single centre experience and literature review. Hanqiao Li, Garry J, Crimmins D, Caird J.
019	15.00	Monitoring of Microsurgically and Endovascularly Treated Aneurysms (META) Study –An International, Multicentre Retrospective Cohort Study. Mc Sweeney D, Hannan CJ, Kouli O, Henry J, Brennan D, Nicholson P, Javadpour M, on behalf of the British Neurosurgical Trainee Research Collaborative (BNTRC), and the META study collaborators.
020	15.11	Identifying a Novel Therapeutic Strategy for TME Low Glioblastoma Murphy S, Dabbour M, White K, Shiels L, Lincoln F, Connolly C, Prehn J, Byrne A, Connor K, O'Brien D.
15.22		Update on Movement Disorders Chairs: Dr. Eavan McGovern and Dr. Seán O’Riordan
021	15.30	A Comparison of Video-Based and Sensor-Based Movement Measurements in Cervical Dystonia. Killian O, Jimenez S, Gill A, O’Riordan S, Williams L, Fearon C, Reilly R.
022	15.41	One year on: Neuropsychological Profile of Cognitive Changes Following Subthalamic Nucleus Deep Brain Stimulation in Parkinson’s Disease. Austin N, O’Keeffe C, Reynolds E, Garvey M, Ruggieri F, Kelly M, Moran C, Walsh RA.
023	15.52	Do wearable sensors add value to clinical gait assessment in Parkinson’s disease? Ruggieri F, O’Keeffe C, Gill A, Kelly M, Reynolds E, Inocentes J, Borsek M, Fearon C, Moran C, Walsh RA.
024	16.03	Subthalamic Nucleus Deep Brain Stimulation in Parkinson’s disease: Three Year Outcome Data from the Irish National DBS Service Ruggieri F, Kelly M, Gill A, O’Keeffe C, Inocentes J, Reynolds E, Garvey M, Austin N, Borsek M, Pereira E, Lynch T, Fearon C, Moran C, Walsh RA.

16.15 Tea and Coffee

SESSION V – AGM of Irish Institute of Clinical Neuroscience Chair: Dr. John McConville	
16.40	IICN Annual General Meeting - Members Only

19.00 Irish Neurological Association Drinks Reception and Dinner

FRIDAY 15th May

<p>08.00 Sponsored Symposium <i>Chair: Prof. Simon Cronin</i> Treatment Sequencing in Ageing Patients with MS: Clinical Evidence and Practical Decision-Making <i>Guest Speaker: Dr. Heather Wilson</i> <i>National Hospital for Neurology and Neurosurgery, Queen Square, London</i></p>

08.45 – 09.00 Registration, Tea and Coffee

<p>SESSION VI – Platform Presentations Neuromuscular Disorders / Epilepsy</p>	
09.00	<p>Update on Neuromuscular Disorder Chair: Dr. Stela Lefter</p>
O25	<p>09.08 Dramatic Exacerbation of Stable Ocular Myasthenia Gravis with Augmentin; a cautionary tale. Wall A, Crowley P.</p>
O26	<p>09.19 The neuropathy phenotype of T60A hereditary transthyretin amyloidosis in Ireland. Kalaszi M, Redmond A, Al Abri A, Gorman C, Haughton G, Connaughton H, Joyce E, Alexander M, Murphy SM.</p>
O27	<p>09.30 Sertraline-Associated Metabolic Myopathy: A Recognisable Cause of Chronic Myalgia, Fatigue and Exertional Intolerance McMacken G, Ramsay S, Healy E, McCarron E, Roulston G, Mark McCarron7, McVerry F, Jose A, Harley M, Campbell E, Craig J, Campbell J, McKee J, Trolan C, McKnight AJ, Connolly G, McConville J.</p>
09.41	<p>Update on Epilepsy Chairs: Dr. Pat Moloney and Dr. Kevin Murphy</p>
O28	<p>09.48 Stretch-Induced Syncope: A Rare Non-Epileptic Phenomenon – Report of two patient cases. Albassam R, Dolan E, Dudley A, El-Naggar H, Kilbride R, Widdess-Walsh P, Delanty N,</p>
O29	<p>09.59 Bridging Diagnosis and Treatment - Implementation of a Nurse-led Psychoeducation Clinic for Functional Seizures. Chen H, Synnott C, Moloney P, Kelly A, Doran E.</p>
O30	<p>10.10 Initial experience with Arterial Spin Labelling in first seizure patients in Cork University Hospital- a pilot study. Joyce E, Ryan D, Costello D.</p>
O31	<p>10.21 Semiology of functional/dissociative seizures in idiopathic generalised epilepsy: An inpatient video-electroencephalography study. Radhakrishna K, Peña-Ceballos J, Choekyi T, O’Keeffe C², Ali M, O’Donnell A, Munteanu T, Moloney PB, El Naggar H, Mullins G, Widdess-Walsh P, Kilbride RD, Delanty N, McNicholas N.</p>
O32	<p>10.32 Epilepsy at the Airport Russell C, Choekyi T, Peña-Ceballos J, Moloney PB, Delanty N.</p>

Session VII –Poster Viewing Session		
Posters	Specialist Area	Guided Tour Time
A	Epilepsy	Thursday 14.00
B	Neuroinflammation / Multiple Sclerosis	Thursday 14.00
C	Neurovascular	Thursday 14.15
D	Neurogenetics	Thursday 14.20
E	Neuropathology and Neurosurgery	Friday 10.30
F	Neuromuscular	Friday 10.40
G	Movement Disorder	Friday 10.30
H	Resource and Societal Issues	Friday 10.45
I	Dementia and Neurodegenerative	Thursday 14.25
J	Headache	Friday 10.40

11.30 Tea, Coffee

SESSION VIII – Chair: Prof. Norman Delanty Noel Callaghan Guest Lecture	
12.00	<p>Prof. Paul Boon Chairman and senior professor of neurology at Ghent University Hospital and Director of 4Brain at Ghent University. <i>"The burden of neurological disorders and the importance of brain health related to epilepsy"</i></p>

13.00 – 14.00 Lunch

Poster Categories

- A. Epilepsy**
- B. Neuroinflammation / Multiple Sclerosis**
- C. Neurovascular**
- D. Neurogenetics**
- E. Neurosurgery and Neuropathology**
- F. Neuromuscular**
- G. Movement Disorder**
- H. Resource and Societal Issues**
- I. Dementia and Neurodegenerative**
- J. Headache**

A. Epilepsy

A1. Developing an automated pipeline to detect seizure onset in focal epilepsy using StereoEEG and ECoG-based data.

Ahmad F, O'Donnell A, Sweeney K, Reilly R.

A2. Cenobamate Retention in Adults with Epilepsy: Impact of Intellectual Disability (ID)

Ali M, Lewis-Smith D, Madden S, Delanty N, El-Naggar H.

A3. Valproate safety in women with epilepsy: A clinical audit of compliance with annual reviews and risk acknowledgment documentation.

Choekyi T, Colleran N, Liggan B, Baruah C, Pena Ceballos J, ElNaggar H, Widdess-Walsh P, Delanty N.

A4. A Single Centre Survey of Vagus Nerve Stimulation in patients with Intellectual Disability.

Colleran N, Pena Ceballos J, Liggan B, Breen A, Baruah C, Choekyi T, Staunton, B, Dempsey N, El Naggar H, Delanty N, Ambikapathy A, Lane J, Widdess Walsh P.

A5. Service Review of ANP led Avista Epilepsy Outreach Clinic: 2025.

Colleran N, Widdess Walsh P, Lane J, Ambikapathy A, Liggan B, Choekyi T, Baruah C.

A6. An audit of post-admission outcomes from the National Epilepsy Monitoring Unit at Beaumont Hospital.

Dolan E, Kilbride R.

A7. Exclusion of adults from developmental and epileptic encephalopathy clinical trials - A systematic review

Dudley AM, Peña-Ceballos J, Moloney PB, Widdess-Walsh P, Delanty N.

A8. Bridging the Gap: Early Outcomes of an Integrated Seizure Care Pathway.

Haupt S, Chen H, Ghadban S, Sin K, Synnott C, Moore A, Ferguson D.

A9. Ketogenic Diet Therapies in Adult Epilepsy – perception of Irish Neurology Teams.

Healy LA, Gough A, Synnott C, Sears J, Cunningham D, Hynes S, Behan C, Kelly A, Hunt I, Ferguson D, Doran E.

A10. An audit of the dedicated Maternity Neurology clinic on the care of pregnant women with epilepsy in Cork University Maternity Hospital (CUMH)

Joyce J, Moloney S, O'Connor G.

A11. Preliminary experience with Arterial Spin Labelling (ASL) imaging in pre-surgical evaluations of drug refractory focal epilepsy.

Joyce E, Ryan D, Costello D.

A12. Assessment of Disability Within the Epilepsy Clinic.

Kelly A, Norris A, Ihekwereme B, Doran E.

A13. 'A case of mistaken myoclonus'.

Qaiser F, Moloney P.

A14. Longitudinal Response to Vagal Nerve Stimulation in Drug-Resistant Epilepsy: A Single-Centre Retrospective Cohort Study

Siby J, Lewis-Smith D, Ali M, Darragh I, Madden S, Pena Ceballos J, El-Naggar H, Delanty N.

A15. Implementation of a Seizure Pathway and Epilepsy Rapid Access Clinic at Tallaght University Hospital: Real World Outcomes Data.

Tacheva A, Breen A, Boland L, Bogdanova-Mihaylova P, Murphy SM, Ivanovic-Barbeito Y.

B. Neuroinflammation / Multiple Sclerosis

B1. Isolated Rosai-Dorfman Disease of the Cerebellum: A Rare Presentation of a Histiocytic Disorder Mimicking a Posterior Fossa Neoplasm.

Garry J, Nasibov T, Sargent J, Moran C, Beausang A.

B2. Progressive Multifocal Leukoencephalopathy as the First Presentation of an Underlying Lymphoproliferative Disorder.

Garry J, Sabherwal S, Looby S, Brett F.

B3. Antibody testing in autoimmune neurologic disorders: how has practice changed in 5 years?

Haskett C, Esezobo O, Wallace E, Williams I, O'Riordan S, Tubridy N, Kinsella JA, McGuigan C, Gilligan M.

B4. The Milky Way sign in Progressive Multifocal Leukoencephalopathy in the setting of Methotrexate therapy: A case report.

Rezaul Karim Md, Murphy K, Kelly S, Milan Tomas A.

B5. The introduction of "red-flag" MRI slots in MS relapse clinic.

Motamedgorji N, Hughes C, Rennie I, Burns J, Hughes S, Kennedy F, Kee R, McDonnell GV.

B6. Maintenance Subcutaneous Immunoglobulin for the Prevention of Relapse in Myelin Oligodendrocyte Glycoprotein Antibody-Associated Disease.

O'Donnell MM, Gakis G, Lee N, Filippatou A, Sotirchos E.

B7. Exploring Clinical Profiles and Outcomes in Anti-Glycine Receptor Antibody-Related Disease: A Case Series

O'Donnell MM, Lambert C, Buyukkurt A, Riveros Acosta D, Afshar H, Crawford B, Newsome S.

B8. MOG IgG diagnostic testing: an audit evaluating frequency of live-cell-based assay and paired CSF evaluations

Ryder E, C Haskett C, Esezobo O, Redmond A, Wallace E, Williams L, O'Riordan S, Kinsella JA, Tubridy N, Gilligan M, McGuigan C.

B9. Clinical, radiological features and management of patients diagnosed with MOGAD: A tertiary referral centre experience.

Ryder E, Redmond A, McGuigan C.

B10. CASPR2 encephalitis presenting with hyper-familiarity for unknown faces and chorea.

Tsanov M, Blanco-Campal A, Hassan A, Munteanu T.

B11. Cardiac arrest and Takotsubo's cardiomyopathy secondary to inflammatory lesion of the area postrema as a first presentation of multiple sclerosis.

Vaughan M, Mulkerrin G, Field R, Waqar S, Redenbaugh V, Giblin G, Hewitt K, Perrira N, O'Rourke K, Finegan E, Buture A.

B12. The Clinical Spectrum of Immune Checkpoint Inhibitor Encephalitis.

Tierney C, Schroeder B, Vonberg F, Larkin J, Okines A, Mencil J, Flynn M, Mallon D, Willis M, Carr AS.

C Neurovascular

C1. 'Wake up'

Connolly C, O Callaghan S, Langan Y.

C2. Thrombosis no laughing matter

Foley M, McNicholas N, McHugh S, Gaughan M.

C3. Heart shaped sign in bilateral medial medullary infarction.

Geoghegan J, O'Riordan J, Swallow D.

D Neurogenetics

D1. KCNQ1 and DEPDC5 pathogenic disease causing variants in a patient with DEE with dominant expressivity.

Dolan E, Grealley M, Delanty N, Widdess-Walsh P.

D2. Moebius Syndrome Diagnosed in Adulthood: A Case of Delayed recognition in a 20-Year-Old Female.

McGarry J, Cloonan J, Crowley P.

D3. Late-onset Refractory Temporal Lobe Epilepsy and Cognitive Decline Associated with a Pathogenic Variant in the TNRC6B Gene.

Tallon E, Clarke S, Grealley M, Cavalleri G, Delanty N.

E Neuropathology and Neurosurgery

E1. Review of the neuropathology of stillbirth and neonatal death by gestational age.

Fives C, Jansen M, Murphy A, White J, Fitzgerald B, Bermingham N.

E2. Neuropathologic features seen in perinatal mortality associated with placental delayed villous maturation.

Fives C, Jansen M, Murphy A, White J, Fitzgerald B, Bermingham N.

E3. Venous Congestive Myelopathy: An Under-Recognised but Reversible Cause of Spinal Cord Dysfunction. Case Report and Review of the Literature. Garry J, Husien MB, Looby S, Beausang A.

E4. Autologous live cell vaccination generates curative response in immunotherapy-resistant glioma models.

Giles DA, Qi G, Beck L, Leidig W, Fu Y, Klechevksy E, Kim A.

E5. Pineal Cyst Management Pathway.

Loughman P, Sarwar Z, Buture A, Duddy J, Lambe G.

E6. Preliminary Experience with the use of a 3-Dimensional Exoscope for Excision of Unruptured Brain Arteriovenous Malformations: Case Series and Comparative Analysis.

Mc Sweeney D, Koustais S, Murphy N, Javadpour M.

F Neuromuscular

- F1. Mapping TTR Amyloidosis in Ireland: Insights from a specialist Neuropathy Clinic cohort.
Connaughton H, Kalaszi M, Samuel S, Alexander M, Joyce E, Murphy SM.
- F2. Acute deterioration of chronic neuropathy: A case of CANOMAD
Crowley F, Alexander M, Murphy O.
- F3. Patient–Physician Perceptual Gaps in Generalised Myasthenia Gravis: Insights from a European Mixed-Methods Study
Halliwell L, Lehnerer S, Roche E
- F4. An Atypical Sensory - Predominant Subacute Demyelinating Polyneuropathy: A Diagnostic Dilemma.
Helmi M, Farooq F, Ur-Raad M, Jafar Z, Ryan A.
- F5. From Mood to Muscle: Diagnostic journey of Sertraline-Induced Lipid Storage Myopathy.
Kalaszi M, Foley M, Ujagare S, Martin F, Cryan J, Elsammak M, Farrell M, Whelehan A, Stela Lefter S.
- F6. Spontaneous Recovery in Anti-HMGCR Immune-Mediated Necrotising Myopathy
McMacken G, Healy E, Beckett H, Hunt S.
- F7. Natural History of Friedreich’s ataxia in the Irish population.
Kearney M, Pabilona EE Jr, Clarke C, Bogdanova-Mihaylova P, Walsh R, Murphy SM.
- F8. Rhabdomyolysis triggered by Influenza A revealing an underlying inherited metabolic myopathy
Reynolds A, McElligott L, Samuel S, Murphy SM.
- F9. A rare cause of ‘foot-drop’.
Tallon E, McGovern E, Mullins G, Hassan A.
- F10. A Rare Case of a Monomelic Distal Sensory-Motor Neuropathy.
Tallon E, Whelehan A, de Barra E, Lefter S.

F11. A retrospective review of the prevalence of carpal tunnel syndrome (CTS) in Transthyretin amyloidosis patients in a Tallaght University Hospital (TUH) cohort.

Connaughton H, Wilkinson J, Clarke C, Kalaszi M, Haughton G, Joyce E, Alexander M, Davidson C, Murphy SM.

G Movement Disorder

G1. Anatomy of a New National DBS Service: Patterns of Referral and Management of the First 500 Patients.

Borsek M, Donlon E, Espinoza C, Gallagher A, Bradley M, Ruggieri F, Kelly M, Fearon C, Lynch T, Moran C, Walsh R.

G2. Bridging the Gap: Understanding Barriers and Motivation for Digital Technology Use in Parkinson's disease.

Bradley M, Inocentes J, O'Keeffe C, Gill A, Fearon C.

G3. Analgesic Benefit of Low-Dose Foslevodopa/Foscarbidopa Continuous Subcutaneous Infusion in Advanced Parkinson's Disease

Kennelly L, Sweeney B, Olszewska D.

G4. A Novel paradigm for the recording of col-cap movements and muscle activity in Cervical Dystonia.

Killian O, Jimenez S, Gill A, O'Riordan S, Williams L, Fearon C, Reilly R.

G5. Evaluation of Electromyographic Measures of Cervical Dystonia Using a 12-Muscle Recording Paradigm.

Killian O, Jimenez S, Gill A, O'Riordan S, Williams L, Fearon C, Reilly R.

G6. Dose trajectory patterns in botulinum toxin treatment of cervical dystonia: a single-centre longitudinal analysis

Rafee S, Molloy F, Ross A, Hassan A.

G7. Botulinum toxin injection in cervical dystonia: outcomes, adverse effects, and predictors of response in a single-centre cohort

Rafee S, Molloy F, Ross A, Hassan A.

G8. Audit of Diagnostic Standards in St Vincent's Dystonia Clinic.

Ryder E, Killian O, Lafort V, Fearon C, O'Riordan S, Williams L.

G9. Comprehensive plasma proteomic profiling reveals distinct signatures in Irish people with Parkinsons disease.

Chaity DK, Dillion E, Tobin DJ, Lynch T.

H Resource and Societal Issues.

H1. Cancer Referrals to Neurology – Increases in Complexity and Volume.
Bauer-Dowling C, Kearney H, Wade S, Kennedy J.

H2. An Audit of Rapid Access Seizure Clinic at Beaumont Hospital, Dublin.
Colleran N, Delanty N, Widdess Walsh P, El Nagggar H, Liggan B, Pena Ceballos J, Choekyi T, Baruah C.

H3. Beaumont Hospital Epilepsy Outreach service to Saint John of God (SJOG) Intellectual Disability Service in Louth: over 10 years' experience.
Liggan B, Colleran, N, Baruah, C, Choekyi, T, Pena Ceballos, J, Murphy, S, McCabe N, McCourt L, Lewis-Smith D, Dolan E, Delanty N, ELNagggar H, Widdess-Walsh P.

H4. MRI Waiting Times for patients with MS on Highly Efficacy Infusion Therapy
Madhavan M, Reynolds A, O'Connell K, Murphy O.

H5. Addressing Neurology Waiting Lists: Audit of a Long Waiters' Clinic.
Qaiser F, Vaughan S, Melling J, Buture A, Moloney P.

H6. Better documentation of In-patient falls: A Quality Improvement Project.
Qaiser F, Khan A, Long A, Khan S, Obaid W, Harris E, Oregan M, Maguire M, Martin M, Gadir A, O' Donnell C.

H7. Cognitive Impairment in People Experiencing Long-Term Homelessness: Evidence and Relationships.
Richard G, O'Keeffe F, Cambell M, Ni Cheallaigh C, Doherty CP.

H8. Role and reach of the Neuromuscular service at Tallaght University Hospital: A two-year service evaluation.
Al Abri A, Samuel S, Alexander M, Ledesma S, Mooney L, Murphy SM.

H9. Are health and social care professionals aware of the impact of stigma and reduced social connectedness on quality of life and life satisfaction in people living with Parkinson's Disease?
Abu Selmia E, Timmons S, O'Shea E.

H10. Unmet Need in Functional Neurological Disorder: Evidence of Systemic Inequity from a National Patient Survey.
Svenungsson M, McGowan E, Johnston J, Killian O.

H11. Impact of a Redesigned Idiopathic Intracranial Hypertension Referral Pathway: A Re-Audit of Diagnostic and Management Outcomes in a Tertiary Neurology Centre

Leunbach J, Waqar S, Wasim S , Inocentes J, Nagarajan K, Melling J, O’Keeffe C, Hurley D, Corman A, Tallon E, McAnena L, Rogers D, O’Rourke K, Lonergan R, Buture A.

H12 Audit of Intravenous Immunoglobulin (IVIG) Utilization: Indications, Dosing Practices, and Adverse Events.

Wasim S, Foley M, Tacheva A, Radhakrishna K, Waqar S, Healy D, Costelloe L.

H13. An audit of diagnosis and treatment initiation times in newly diagnosed MS patients.

Shanahan J, Dimco S, McKenna M, Kearney H.

I Dementia and Neurodegenerative

I1. Defining the Cognitive Profile of PRKN-PD in Ireland.
Gallagher A, Mishra N, Fearon C, Blanco-Campal A, Lynch T.

I2. Speech and Voice Quality in 20 patients with Parkinson's Disease Post-Bilateral Subthalamic Nucleus Deep Brain Stimulation: Outcomes at 6 months, 12 months and 3 years.
Garvey M, Reynolds E, Ruggieri F, Kelly M, Austin N, Walsh R, Moran C.

I3. When Words Fade First: Isolated Aphasia as an Atypical Early Presentation of Creutzfeldt-Jakob Disease
Sin WW, Kennelly L, Costello D.

J Headache

- J1. Re-Audit of the Management of Idiopathic Intracranial Hypertension in a Rapid-Access Headache clinic in St James' Hospital
Forde S, McDermott R, Tacheva A, Mohammedelmuntaga G, Zermansky L, Nevin T, Hutchinson S, Ferguson D.
- J2. The Great Imitator: Syphilis Reinfection with Neurovascular Syphilitic Meningitis
McGowan G, McDermott R, O'Toole O.
- J3. Differences related to sex and geographic region in primary headache disorders: a systematic review and meta-analysis.
Osowski A, Osowski M, Tattera D.
- J4. Epidemiology of New Daily Persistent Headache: A systematic review and meta-analysis.
Osowski M, Osowski A, Tattera D.
- J5. An analysis of the effect of introducing advanced therapies for migraine in a specialist clinic.
Patodi A, Mohanty S, Cowman K, Pilladath M, Hutchinson S, Ferguson D.
